

Dear PJCC Fitness Family,

We hope that this message finds you and yours staying healthy and safe. We want to thank all of you who remain committed to our Center community and can't wait to return when your membership freeze ends. Additionally, some of you have enthusiastically opted-in as monthly Sustaining Supporter donors — your generosity is critical in helping our non-profit Center remain sustainable long-term. Thank you to each of you!

**We have important, and cautiously optimistic news to share with you.**

Based on the current San Mateo County COVID-19 statistical trending which should result in the County moving downward to the next lower tier (red), **we are prudently planning to reopen INDOOR FITNESS for active members 13 years-old and older, on Monday, October 5, 2020.** We will continue to offer outdoor group exercise and virtual group exercise as well.

- **Masks will be required indoors at all times and during all activities, without exception.**
- **Masks must be worn outdoors**, except when swimming or by choice when working out.
- **Members will also be expected to check their temperature** as they enter the Center.

**Now is the time we would like to invite you back to the Center. We hope you are ready to return to experiencing the well-being of in-person fitness!**

**Please click the button below to reactivate your membership beginning in October 2020.**

[YES! Reactivate my PJCC Membership](#)

**We will resume billing monthly membership dues again for all ACTIVE members in October 2020. If you take no action (you do not reactivate your membership through the button above), you will remain on your current freeze and you will NOT be billed.**

#### STATE & COUNTY REOPENING OF INDOOR FITNESS

Our reopening is dependent on the State's assessment of the County COVID-19 case criteria, measured on the next three-week review date that will be Tuesday, September 29, 2020. We will know definitively, shortly after the 29th if the County meets the State's requirements to reopen indoor fitness.

Currently San Mateo County is classified as "purple" (the highest and most serious tier in the classification of County COVID-19 activity) on the State's assessment tool. The County must be downgraded to "red" for the PJCC to be able to reopen indoor fitness. [You can learn more about the State's tiered assessment here](#)

Additionally, please note that when indoor fitness reopens, **we will not be authorized to reopen the indoor swimming pool — the outdoor pool will remain available for lap swimming.** Based on the State's tiered system, indoor swimming must wait to open until San Mateo County is reduced in case severity to the "orange" level (below "red"). **Beginning in October, members 13+ years old may swim laps in the outdoor pool.**

#### WHAT YOU CAN EXPECT

We intend to communicate with you roughly once a week to keep you apprised of our planning and progress, and how all of it aligns with state and county authorization for the reopening of indoor fitness. **Upon our indoor fitness reopen, we will continue to offer active members virtual content so that those in vulnerable populations and/or who may not feel comfortable returning to the Center will have access to effective, fun online fitness. If you want access to all our online fitness classes and content, please click the button above and reactivate your membership!**

As always, safety is our number one priority, and we are living our values now more than ever. **All the planning for our indoor fitness reopening is being made through the lens of the health and safety of our members and staff.** Next week we will share with you what you can expect when you return to the Center.

**Thank you for standing with our PJCC community. We cannot wait to welcome you back to the Center!**

With gratitude for your support,

Paul Geduldig, Chief Executive Officer

Seth Hazen, Chief Wellness Officer
