

Kitty Food puzzle

Materials Needed:

- Empty tissue box
- 12 toilet paper tubes
- Elmer's glue or other nontoxic option
- Scissors

Instructions:

- ① Cut the top off the tissue box, then cut toilet paper tubes to same height as box.

- ② Apply a semi-thick layer of glue to bottom of box. Place tubes inside box and press into the glue. Let dry overnight.

- ③ put treats or kibble into the tubes and watch your cat fish them out!
