

Dear PJCC Members,

As you may have heard, changes have recently been made to public health and safety guidelines in the State of California.

In light of these revised guidelines, we are taking the following steps to ensure that you enjoy a healthy and safe visit to the Center:

- **Indoors: All members, guests, and staff will continue to wear masks at all times, except while swimming.**
- **Outdoors: Vaccinated members and guests may remove masks while being physically distanced and while swimming. Non-vaccinated members and guests are required to wear masks outdoors except while swimming or conducting a physically distanced workout.**
- **Center Members can now reserve more than four lap-swimming appointments a week and book back-to-back swim appointments.** Note: in order to maintain appropriate capacity levels, we still require [lap-swimming reservations](#).
- **Families are now free to make [drop-in visits](#) to the indoor, outdoor, and wading pools;** reservations are no longer required.
- **Members can now use the lockers** in all locker rooms during their visit.
- **Showers, steam rooms, and saunas in the locker rooms remain closed;** however, swimmers can continue to use the rinse-off showers on the indoor and outdoor pool decks.
- **Guests (non-members) are welcome back to the Center** for cardio & strength-training workouts and for Family/Open Swim activities (Lap Swimming and Group Exercise reservations remain available only to Center Members).
- **Water fountains** are now operational throughout the Center.
- **The Adult Lounge is now open for your comfort and conversation,** and furniture has been re-placed in the Lobby and other common areas of the Center.
- **Coming soon!** Half of the basketball court will be available for general use.

Thank you for continuing to stand with our PJCC community.

We'll see you soon for MORE fitness at the Center. Stay healthy and stay strong!

In Wellness,
Seth Hazen
Chief Wellness Officer
